DataQuire

THE AI DATA BROKERAGE

Your operating history may have licensing value.

DataQuire values, prepares, and licenses operational records to AI labs. You retain the business and underlying data, and approve the terms in writing.

01 Get an indicative range.

About 60 seconds. No commitment. No raw file uploads.

02 Define the boundary.

Rights, approved sources, exclusions, and processing are agreed before access.

03 Approve every deal.

Buyers see approved de-identified samples. Scope and payment are in writing.

See what your data is worth

dataquire.si/estimator

No upfront fees. Indicative estimates are not offers.

hello@dataquire.si

De-identification reduces risk; it does not eliminate it.
